To,

Mr. Wetzel
President
AMATIS FRANCE

Dear Mr. Wetzel,

Thank you very much for your prompt reply by e-mail dtd 6 march 2012 regarding receipt of our estimation for infrastructure like furniture etc for our school Vidyanikethan Primary & High School.

Our efforts in receiving a Bank loan for the construction of our School Building in the new premises are being finalized and their offer is expected in a couple of days. As soon as we receive the offer we will start the construction which may take about 8-10 months. For additional funds for the construction we are approaching our friends and well wishers for this and there has been good response internally. However, we look for support also from other international organizations like Amatis France and other UN organization like UNICEF etc

A brief description of our School is given below:-

Vidyanikethan Nursery Primary & High School started in 1981 managed by BME Trust (Regd) is a school catering to the educational needs of poor and down trodden children among the lower classes of the society. Since there is no help given by the state government, we have to support ourselves to meet both ends. We have a strength of about 350 children presently and this is expected to go up about 600 once we move to the new premises and building. The School maintains good result in the School final examination of the State Board.

Our actions.

We have purchased an area of about 10000 sft, in a nearby area and a plan has been made for the construction of the Building. A copy of the plan is also enclosed for your reference (Approx cost about INR 90 lakhs).

Regarding educational tools like furniture, books cupboards, computers etc. We may need about INR 15 – 20 Lakhs. As soon as we receive a part of this amount initially from you as you have indicated, we will purchase the furniture like benches desks etc for the pre-primary/primary classes from LKG to II Std
